Sponsorship Opportunities

On behalf on the Fellowship of Recovering Lutheran Clergy (FRLC) and the Recovery Ministries of the Episcopal Church (RMEC) we are pleased to inform you of our 2nd *Addiction and Faith conference*. Building on the strong success of our first conference we will again bring together people from across the country with varied backgrounds to learn important ministries congregations can employ to address the deadliest health crisis in America today.

Sponsor this event to show your organization cares about this problem and is committed to looking for long term solutions for families and individuals effected by addiction. By inspiring, educating and equipping congregations we can create a safe place for those afflicted with addiction and those who love them to recover a healthy life. People in addiction need to be able to trust others, attach to healthy environments, and congregations need to learn how to be one of those places. It is time to offer ways to support this transition.

We have identified a number of sponsorship opportunities that may be of interest to you and/or your organization. Please review the information below and consider joining us for this important event to engage in discussion with more than 300 clergy, church leaders and caregivers from across the country.
